ODOR KLEANZ
Enzyme Cleaner

Sweet Concrete Odor Kleanz is a highly concentrated stain lifter and cleaner for concrete and other hard surfaces. This amazing enzyme-based formula penetrates deeply and breaks down stains and odors caused by animal urine, feces, and blood. Odor Kleanz also breaks down hard to treat stains and odors long after they have occurred. Excellent performance on concrete, tile and grout, pavers, and brick.

DIRECTIONS:

1. Mix Odor Kleanz at a 1x1 ratio with water (50% Cleaner / 50% Water) and pour into a pump up sprayer.
2. Spray onto soiled surface and agitate. Allow to dwell for up to 15 minutes depending on level of soiling.
3. Either hose off area, mop with clean water, or extract with a dry vac. Repeat process if necessary, for stubborn stains and odors.
4. Once the area is treated, allow area to dry. Keep all foot traffic and pets away from cleaned area until fully dry.

COVERAGE:

200 - 250 sq. ft. per gallon depending upon the porosity of the substrate.

HANDLING AND STORAGE:

Close container after each use. Store in original container only. Keep in a dry, well-ventilated area. Avoid freezing or long-term high temperature storage. DO NOT THIN OR DILUTE (Unless with water).

Keep out of reach of children.
