

XTACULAR

ENZYME CLEANER

Concrete Chemistries XTACULAR is a highly concentrated stain lifter and cleaner for both carpet and hard surfaces alike. This amazing enzyme-based formula penetrates deeply and breaks down stains such as dirt, grease, wine, ketchup, coffee, blood, ink and many other hard to treat stains and spills even long after they have occurred. Excellent performance on pet stains as well.

DIRECTIONS:

Hard Surfaces

1. Add 4 to 8 ounces per gallon into a mop bucket or pump up sprayer.
2. Mop or spray onto soiled surface and agitate. Allow to dwell for up to 5 minutes depending on level of soiling.
3. Mop with clean water or extract with a dry vac or profession extractor. Repeat process if necessary, for stubborn spills. Mix up to 50/50 for organic and deep stains.

Soft Surfaces

1. Add 4 to 8 ounces to water in a trigger sprayer.
2. Spray Xtacular directly on stain, saturating thoroughly.
3. Allow the cleaner to dwell on stain for up to 10 minutes.
4. Blot away residue with and absorbent terry or paper towel. If some residual stain still remains, repeat process.
5. Once stain is removed. Allow area to dry. Keep all foot traffic and pets away from cleaned area. For carpet, vacuum once dry to remove any remaining encapsulated dirt.

COVERAGE:

500-1000 sq. ft. per gallon depending upon the porosity of the substrate.

HANDLING AND STORAGE:

Close container after each use. Store in original container only. Keep in a dry, well-ventilated area. Avoid freezing or long-term high temperature storage. **DO NOT THIN OR DILUTE.** Keep out of reach of children.
